EYEGUARD

More safety – particularly in ball sports.

Less risk – more fun! The eyes need special protection especially in fast-paced types of ball sports. PROGEAR Eyeguard sports eyewear has been developed to include special athletics features that significantly minimize the risk of serious eye injuries during sports. With PROGEAR Eyeguard protection is guaranteed as each frame is made from extremely durable polycarbonate and includes special lens mounts within each frame.

Superior vision – for better performance.

Around 95% of our movements are controlled by vision. Those who can see well while playing sports will be able to react more quickly, move more confidently, and will better appreciate situations therefore avoiding dangerous accidents. PROGEAR Eyeguard sports eyewear offers a wide field of vision and lenses can be custom fit with individual correction.

Perfect fit – for total comfort.

There is good reason why PROGEAR Eyeguard sports eyewear fits so flawlessly. From the interior cushion and nose pads to the flexible headband mount, every detail ensures an accurate fit and comfortable wear. The combination of excellent materials, meticulous workmanship and a cool design makes PROGEAR Eyeguard sports eyewear feel completely safe and comfy.

Ideal for school and club sports.

A topic for everyone: Ensure optimum eye protection with the right sports eyewear.

Quality sports eyewear should always be worn – especially in school and club sports. PROGEAR Eyeguard sports eyewear has special features that guarantee good vision and ideal safety so that you can be comfortable and confident moving about and you can participate in virtually any activity which ultimately improves athletic performance. To find out more about the benefits of quality sport eye protection, contact your optician, who is well-versed on the subject and will be pleased to advise you further.

The figures speak for themselves

17,058,553*

Number of students in Germany in the year 2008

1,450,987

School sports accidents in the year 2008
